

CAPABILITY STATEMENT

Country of Origin Verification at the Part Number Level

Executive Summary

Intelleges provides a part-number-level Country of Origin (COO) verification system enabling aerospace manufacturers to eliminate hundreds of spreadsheets and achieve accurate, auditable COO traceability for every component. Honeywell Aerospace used Intelleges to verify COO across dozens to hundreds of unique parts per supplier, supporting Buy American Act, TAA, DFARS, and ITAR/EAR compliance.

Core Capabilities

- Part-level COO verification
- Automated part-number-specific questionnaires
- Document collection (COC, COO certificates, invoices, chain of custody)
- AI detection of COO inconsistencies
- Automated expansion from one supplier questionnaire to hundreds of part numbers
- Call center verification for authenticity and supporting evidence
- Audit-ready COO reporting for every part number

Process Workflow

Step 1 — System Collects Part-Level Data & Documents

Step 2 — System Flags Risks Automatically

Step 3 — Expertise Reviews Complex Cases

Step 4 — Call Center Conducts Live Verification

Step 5 — Call Center Requests Evidence

Step 6 — System Logs Everything
