Industries Served

Aerospace & Defense • Government Contracting •
Manufacturing • Healthcare & Life Sciences •
Energy • Technology

Operating Profile

Supplier documentation, procurement evidence,
defensible regulatory reporting, and audit-ready
compliance operations.

Executive Summary

IN 25 YEARS, NOTHING HAS HAPPENED. AND WE WANT TO KEEP IT THAT WAY.

Audit-ready compliance management for highly regulated environments.

Intelleges helps organizations reduce the cost, effort, and risk of regulatory compliance while remaining continuously audit-ready in an ever-changing regulatory environment.

For more than 25 years, Intelleges has supported complex compliance, procurement, supplier-management, and reporting requirements across highly regulated industries. We help organizations collect, validate, manage, and defend the information behind critical certifications, attestations, and regulatory submissions.

You certify. Intelleges makes certain the data behind the certification holds.

Past Performance

Honeywell Aerospace

Enterprise supplier-compliance and reporting support.

Battelle

Supplier compliance and procurement support. Supplier of the Year, 2023.

Celestica

Federal Compliance Management System deployment and operations.

What We Do

Audit Ready

Documentation, certifications, and supporting evidence are complete, traceable, and defensible.

Compliance Automated

Reduced manual effort for supplier compliance, regulatory reporting, and audit preparation.

Enterprise Integrated

Compliance activities connected with procurement, suppliers, contracts, and operations.

Data Harmonized

Fragmented compliance and supplier data transformed into structured, actionable information.

Supply Chain Connected

Visibility into supplier documentation, certifications, and compliance obligations.

Core Solutions (PODS & SODS)

Purchase Order Documentation System (PODS)

- Sole-source justification management
- Purchase-order documentation
- Audit evidence preservation
- Documentation cardinality management
